TippyToeToons Make Bath and Bedtime Fun!

For all those parents who are having a tough time getting your little ones to co-operate during bath and bedtime, don't despair! TippyToeToons may be just the solution you need! These very cute CDs feature a string of 9 songs which lead your little ones through bathtime, shampooing, washing, playtime, changing into pyjama time, and finally bedtime. Songwriter/singer Geoff Koch entertains and persuades kids to go through their daily bath, brushing, changing and bedtime routine with ease.

There are 2 CD's available in the TippyToeToons series - Cowboy and Princess. The Cowboy theme is an upbeat, rollicking and fun way to guide your child through the rituals that lead to bedtime, winding up with a quiet lullaby next to a bonfire. If your child is more inclined towards royalty, then the Princess CD does just that. Lady Eliza "bath" and Sir Washalot are fun characters who are entrusted with the royal duties of leading your child through their daily bedtime rituals!
