Synopsis:

We're proud to announce the CD in our Bath to Bedtime Musical: Princess. This CD is themed with appropriate character voices that take a child through their nightly routine. There's an opening song to "announce" it's time for a bath and then a song to get kids in the tub, a shampooing song, a washing song, a bath play time song, a pajamas song, a toothbrushing song, a song that has the child pick out a book to read and ends with a lullaby. The CD in the Bath to Bedtime Musical series creates a fun, easy way to move a child through a bath in about 10 minutes.

The Princess CD stars your sweet Princess along with Sir Washalot and Lady Elizabeth. As members of your child's royal court, they know the proper way to prepare a Princess for the pinnacle of perfect preening... in other words, they know baths! Behold this whimsical kingdom. There's Sydney Scrubbins, the finest washer in the business, the Merry Maidens, the Town Cryer and more! From the bath, through putting on pajamas, toothbrushing, picking out a book, to a lullaby, the TippyToeToons® Princess Cd takes your child on a musical journey from Bath to Bedtime!
